WITHDRAWAL NOTICE

Yang-Mills & Mass Gap via Measurement-Free Encoded Gauge Dynamics

The proposed route does not establish the continuum existence and mass-gap hypotheses for four-dimensional quantum Yang–Mills theory. The claim of a completed proof is withdrawn. The Clay Mathematics Institute retains the problem on its Millennium list.

Manuscript · pp. 1, 3 and spin-2 appendix

Evidence · QATNU/SRQID dated scientific review / Clay Mathematics Institute · status of the problem
